Public Notice #14-106-CM-C

Date: November 3, 2014

NOTICE OF A DRAFT AIR CONSTRUCTION PERMIT

**ADAMS SCRAP RECYCLING, LLC
419 OLD EASLEY HIGHWAY
GREENVILLE, SOUTH CAROLINA
(GREENVILLE COUNTY / UPSTATE, GREENVILLE EQC OFFICE)
AIR PERMIT NO. 1200-0510-CB**

Adams Scrap Recycling, LLC has applied to the SC DHEC for an air construction permit to establish federally enforceable synthetic minor limits and install equipment at its existing facility. A draft permit and Statement of Basis have been written by the BAQ outlining this proposed project and applicable regulations. This permit will enable the facility to construct and operate in compliance with state and federal air quality regulations. The draft permit has not yet been approved and is open to comment from the public, affected states, and the United States Environmental Protection Agency (EPA).

Adams Scrap Recycling, LLC is a major recycler of metals products, as well as glass, paper, plastic, and electronics. The facility is requesting to install a 16-hammer shredder equipped with an electric motor that has an input capacity of 35 tons per hour. Emissions generated by this facility as a result of the proposed project will include: Particulate Matter (PM); Particulate Matter less than 10 Micrometers in Diameter (PM10); Particulate Matter less than 2.5 Micrometers in Diameter (PM2.5); Volatile Organic Compounds (VOC); Lead; and Hazardous Air Pollutants (HAPs). If this permit is approved, federally enforceable facility-wide limits of less than 100 tons per year (TPY) of PM and PM10 will be established, thereby enabling the facility to be below Title V and Prevention of Significant Deterioration (PSD) major source thresholds.

If approved, and upon issuance of the draft construction permit, the facility may obtain a Conditional Major Operating Permit from the BAQ with no additional public comment period, unless a significant change in the original construction permit has occurred. All emissions limitations and conditions in the draft construction permits have been written to ensure that this facility operates as a Conditional Major Source.

Interested persons may review the materials drafted and maintained by DHEC for this facility and submit written comments on the draft permit by the close of business, which is 5:00 p.m., on December 2, 2014, to Kayla Anderson at the above DHEC address or by e-mail at anderske@dhec.sc.gov. All comments received by 5:00 p.m., on December 2, 2014, will be considered when making a decision to approve, disapprove, or modify the draft permit. Where there is a significant amount of public interest, DHEC may hold a public hearing to receive additional comments. Public hearing requests should be made in writing to Kayla Anderson at the above DHEC address or by e-mail. If a public hearing is requested and scheduled, notice will be given in this newspaper thirty (30) days in advance. If you have questions concerning the draft permit, please contact Utpal Patel at the phone number listed above. A final review request (appeal) may be filed after a permit decision has been made. Information regarding final review procedures is available from DHEC's legal office at the above address or by calling (803) 898-3350. Information relative to the draft permit will be made available for review through December 2, 2014 at the DHEC Columbia Office listed above and at the following location:

SC DHEC, Upstate – Greenville EQC Office, 200 University Ridge, Greenville, SC 29601 at (864) 372-3273

Information on permit decisions and hearing procedures is available by contacting DHEC at either address listed above. Copies of a draft permit or other related documents may be requested in writing at a \$.25 per page charge. Please bring this notice to the attention of persons you know will be interested in this matter.

This public notice along with the draft permit and Statement of Basis may be viewed through December 2, 2014 on DHEC's website at: <http://www.scdhec.gov/PublicNotices/>
